

### German Teltschik reunion 2009

On Saturday, June 27<sup>th</sup> 2009 the German members and friends of the Teltschik family met for a small reunion at the court estate “Hohenwuerzburg” in Neustadt, Bavaria, Germany. The host were the owner of the court estate, Dr. Norbert and Salome Teltschik. More than a hundred guests from Germany, Austria and Switzerland did come and experienced a marvelous family reunion despite rainy weather.

Norbert Teltschik and the mayor of Neustadt, Mister Klaus Meier, welcomed the guests. Wolfgang Teltschik read greetings from the relatives in Texas and reported on the arrangements for the next big Teltschik reunion, that will take place in Galveston, Texas, in June 2011.

After luncheon the guests gathered in the big park of the court estate. While Norbert and Wolfgang were planting a linden tree, in his speech Dr. Walter Teltschik pointed out, that in the German states justice has been administered underneath the village’s linden tree since Karl the Great, as well as at home in the “Kuhlaendchen”. Walter reminded the family with emotional words of the judge’s linden tree in Zauchtel. „The linden tree, that we are now planting here, shall also persist as an emblem of our family after our banishment out of the old homeland.“

While the children enjoyed the swimming pool and a moonwalk (= inflatable jumper), the adults were able to exchange their memories having coffee and cake as well as delicious grill and tasty Franconia wine in the evening and strengthening friendships within the big family circle.
